### Summary

---

End of Life of PA6H and last time buy.

### Details of Change

---

Sierra Wireless hereby announces the EOL of the PA6H modules from the GNSS portfolio.

Customers wishing to extend the life of a platform that has integrated the Sierra Wireless PA6H have two options:

1. Purchase sufficient quantity of the PA6H before the last purchase date to support the projected life of the platform. Note that due to a component EOL, the possible LTB quantity is limited. Please contact your account manager for more details.
2. Integrate the XA1110 which will continue to be supported.

Sierra Wireless will no longer support new integrations using the PA6H. These integrations should be done using the XA1110
